Disclosures:

Promethos is a fee-based, U.S. Securities and Exchange Commission (“SEC”) registered advisory firm serving the portfolio management needs of institutional and high-net worth clients. Registration with the SEC or any state securities authority does not imply a certain level of skill or training. Data quoted is past performance and current performance may be lower or higher. Past performance is no guarantee of future results. Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. The currency used to express performance is USD. Returns are presented gross and net of management fees and include the reinvestment of all income. Gross-of-fee returns are reduced by trading costs. Net of fee performance was calculated using an annualized model management fee of 0.65%, applied monthly. The model management fee is based upon the highest management fee expected to be charged for an account within the strategy for the intended audience of accounts greater than \$10mm in assets under management. Actual investment advisory fees incurred by clients may vary.

The MSCI ACWI ex USA Index measures the performance of large- and mid-capitalization equities across developed and emerging markets, excluding the United States, and represents approximately 85% of the free float-adjusted market capitalization in each country. The MSCI ACWI ex-USA Index performance is discussed for illustrative purposes only as a benchmark for the Promethos International Strategy’s performance and does not predict or depict performance of that strategy. While index comparisons may be useful to provide a benchmark for a strategy’s performance, it must be noted that investments are not limited to the investments comprising the indices. Each of the strategy benchmark indices are unmanaged and cannot be purchased directly by investors.

Principles for Responsible Investment (“PRI”) is an industry leading proponent of responsible investment. It works to understand the investment implications of environmental, social and governance (ESG) factors and to support its international network of investor signatories in incorporating these factors into their investment and ownership decisions. The PRI acts in the long-term interests of its signatories, of the financial markets and economies in which they operate, and of the environment and society as a whole.

Composite performance for the period February 2015 – March 2019 is derived from the mutual fund Knights of Columbus International Equity I (Ticker: KCIIX) and from Promethos separate accounts for the period from April 2019 – present. Ivka Kalus was previously the lead manager and sole decision maker for KCIIX from its inception in February of 2015 until March of 2019 and serves as the lead manager for Promethos International Equity portfolios. Promethos International Equity portfolios utilizes the same investment process and inputs as KCIIX.

Impact Results table – Definitions

Board Diversity: Percentage of Board Members that are Women. Executive diversity: Percentage of Executive Team Members that are Women. C-suite Diversity: Percentage of C-Suite level (CEO, CFO and COO) Members that are Women. ESG Disclosure: Proprietary Bloomberg score based on the extent of a company’s Environmental, Social, and Governance (ESG) disclosure. Bloomberg Governance: Bloomberg score evaluating a company’s overall governance performance based on financially material factors. It combines key governance areas—such as board structure, executive pay, audit oversight, and shareholder rights—into a single weighted score that gives more emphasis to weaker areas. Scores range from 0 to 10 – higher is better. Sustainability Risk: Offers clear insights into company-level ESG risk by measuring the size of an organization’s unmanaged ESG risk. Lower is better. S&P Global Env Rank: Total Sustainability rank, converted from the total sustainability score, based on the RobecoSam Corporate Sustainability Assessment. Scope 1 GHG/Revenues: Ratio of total emissions which are directly related to the activities of the company, to sales revenue. Scope 2 GHG/Revenues: Ratio of total emissions which result from the generation of electricity purchased by the company, to sales revenue. CDP: Reflects the level of company commitment to climate change mitigation, adaptation, and transparency. Scores 1-8 – 8 is better.

Sector and regional composition, active weights, top 10 holdings and characteristics shown are based on a representative account and are provided for illustrative purposes only. Actual client portfolios may differ due to timing, restrictions and other factors. Portfolio holdings and sector/regional composite are subject to change without notice. The stocks identified in the top 10 holdings chart do not represent all the investments held in the representative portfolio. The inclusion of specific securities does not constitute a recommendation to buy or sell any security and it should not be assumed that investment in the security has been or will be profitable. There is no assurance that any of the stocks are currently held in the portfolio or will be purchased in the future.
